

Telecommunication Right of Way Permits

Any and all Telecommunication Companies wishing to place infrastructure within, upon, or under City Right of Way must first obtain a permit to do so.

Application for permit must include:

- Drawing/diagram of entire route of infrastructure and/or related facility;
- Permit Fee of \$100.00 (renewals due annually on May 1st);
- Insurance Certificate;
- Surety Bond or Certified Check in the amount of 10% of installation (new construction only).

Applications are reviewed and considered for approval by the Albion City Council - see links below for details.
